We tapped into IPL's high-octane cultural moment to reframe couple clashes as opportunities for connection. A high-reach digital film, gamified "Test Your Bond" experiences, and immersive retail activations created an integrated campaign that built brand love at every touchpoint from screens to shelves.

We built a **Flu Awareness & Vaccination Portal for Zydus India**, enabling users to **find nearby clinics** and allowing **doctors to register their clinics**, promoting easy access to flu prevention and care.

Flu Season? Be Ready With Vaxiflu

A microsite built by TSBI that acts as a one-stop destination for patients, caregivers, and healthcare professionals with reliable, verified information on flu vaccination.

WHY VACCINATE?

Vaccination helps you
Protect | Prepare | Prevent

PROTECT

Flu vaccines shield not just individuals but entire communities by reducing the virus spread and minimizing the risk of severe complications.¹

PREPARE

An annual flu shot ensures timely protection before peak season, helping limit outbreaks.²

PREVENT

Vaccination can prevent up to 60% of flu cases in healthy adults and significantly lower risks for children, seniors, and pregnant women.³

3.8k Doctors registered

Average 2.3K
daily website visitors

Cuts hospitalization risk by 40% in pregnant women and passes immunity to the newborn.*
